Prior to the meeting:

- EPA will send the full SNC/QNCR list and include the short list of facilities to discuss during the QEM.
- Region 3 is also starting the process of sending potential facilities for EPA inspection for state feedback.
- In advance of the meeting, PADEP central office will work with regional representatives to provide in writing a summary of compliance status and enforcement activities for each of the facilities on the QNCR/SNC short list and gather any feedback for the potential facilities for EPA inspection.

QEM Draft Agenda:

Below is the standard agenda and who I expect to lead the conversation. I plan to update closer to the meeting date with specific topics. Please let me know ahead of time if you have particular agenda items you would like to discuss, so I can make sure the appropriate staff from EPA are present for the discussion.

- Introduction – All
- Announcements/Reminders – EPA
- Data – All
- Facilities for EPA inspections – All
- SNC List Discussion – PADEP
- CMS – PADEP
- Training Needs – PADEP
